Distributed in the Willowbank area by Ken Lowe 0411-699 535

Place order with a phone call or click [HERE](#)

In stock are three grades of Methanol for different applications.  
We also stock parts cleaning solvent.

Methanol - Product Code 521 Premium Quality 99.99% Professional Grade Fuel  
200 Liter Drum \$249.00+

Methanol - Product Code 468 High Quality 99.96% DY0 Grade Fuel  
200 Liter Drum \$199.00+

Methanol - Product Code 300 - Industrial Quality 99.20% Industrial applications.  
200 Liter Drum \$188.00+

Order and pay by credit card 24 hours prior to delivery and delivery to Willowbank area  
race tracks at no charge.

Pick up at the Willowbank warehouse anytime during business hours. Call first please.

If you are not going to flush your fuel system out after each meeting highly recommend  
using Castrol M additive. This is perfectly legal for all DY0 applications. Caution should  
be exercised in any Group 1 or Group 2 applications as depending upon the amount put  
in the methanol it can skew the specific gravity to an extent the fuel may not pass fuel  
check.

Parts Wash - Product Code 200 - Great parts washing solvent, grease buster and leaves  
the surface clean and oil free adequate to paint if desired.

200 Liter Drum \$ 350.00+

20 Liter - Fill your Drum \$ 49.95+

If you want to stop out and pick it up, please call first.
